

ABOUT JEWISH PEOPLE

Did you know?

The Jewish People are an ethno-religious group whose origins are believed to lie in the ancient Middle East, roughly coming from the territory of modern Israel, also known as the Levant or ancient Canaan, sometime before 1000 BCE. Upon examining the history and heritage of the Jewish people through DNA, archaeology, and other historical primary sources, it is found that Jews have one of the longest continuously recorded histories of any people in the world.
